## Hi, how are you?

Thank you for visiting my resumé!

I like to describe myself as a person with many interests, diverse skills and experiences. Whether it is an organisational challenge, building a website or doing research; I always strive to deliver the best results possible. Specifically given my limited time, energy and resources. Coming to new challenges, I draw on my diverse past experiences and the valuable insights they have given me. Presented with a difficult problem I stay positive and persistent in resolving the issue; individually or as in actively teamworking. More often than not, I can trust on my creativity for problemsolving. I love learning new skills and expand them to my knowledge base. In my freetime i enjoy sports, travelling, playing guitar and doing amateur restoration projects.

I am excited about the possibility of contributing to your team. If given the chance, I am committed to making a positive impact! Please take a look at my [blogposts](#) to further discover what I'm passionate about. 😊

Looking forward exploring potential opportunities.

greetings,

**Holder of driving license B**
